

Presentation – Introduction

Policy Development - Renovation strategies

- Energy Efficiency directive Article 4 – Requires ambitious Renovation strategy
- The Challenge to achieve a 90% reduction in energy from all our building stock
- Achieve our Carbon targets
- IGBC funded by Horizon 2020 programme with 12 other GBCs to lead a process to develop a strategy for Ireland
- 2 year project to create a dialogue with the entire system of stakeholders

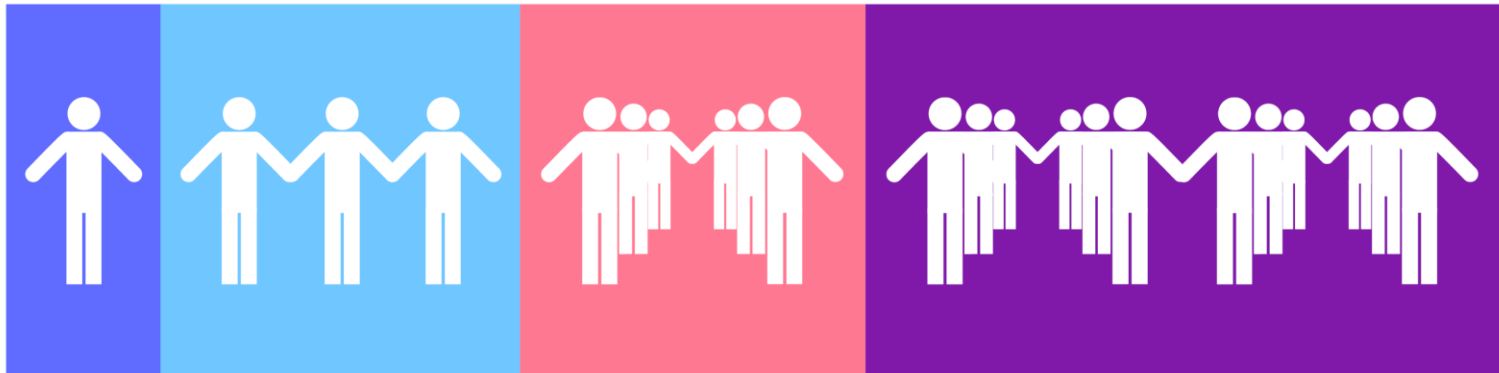

Longterm Renovation roadmaps

Co-creating with Government

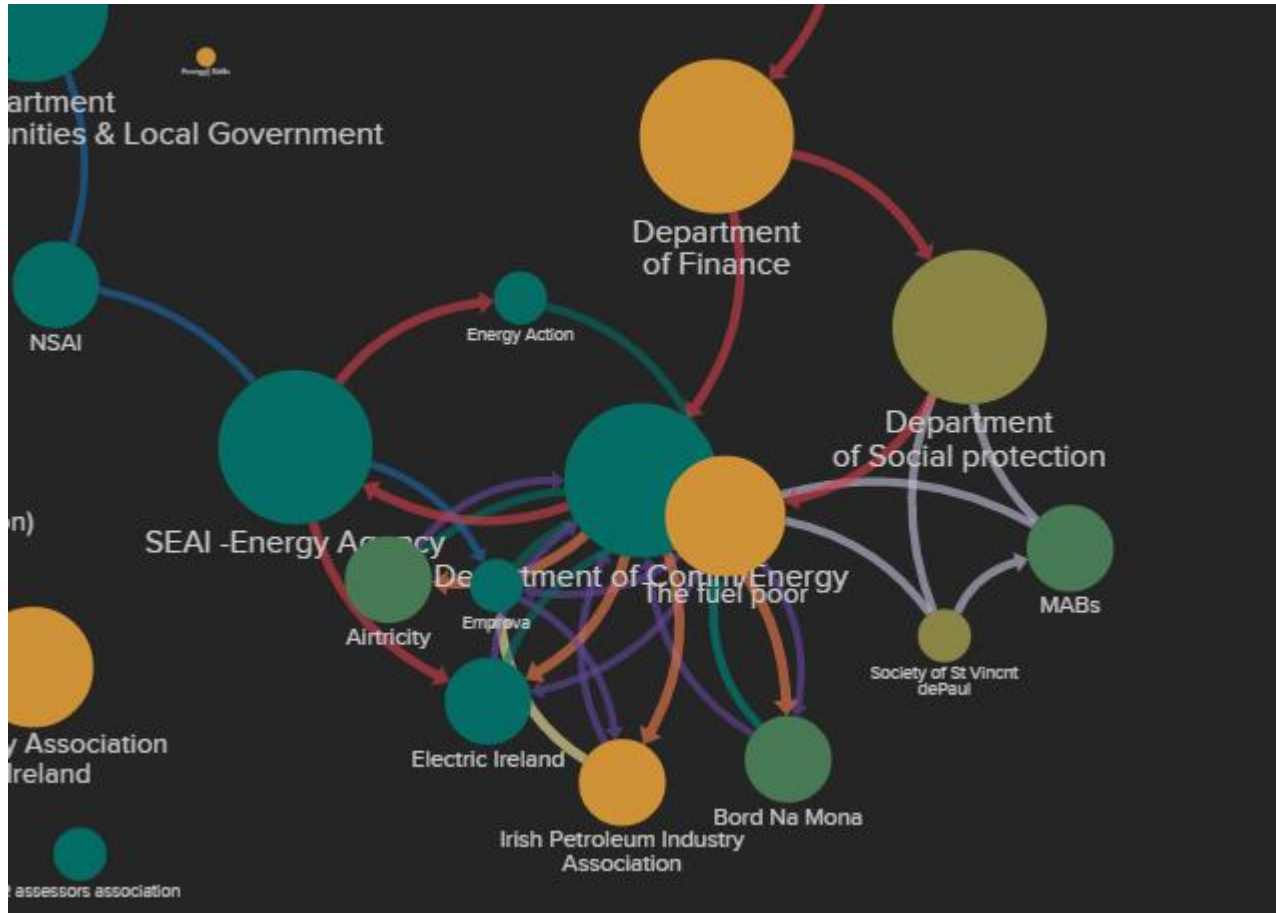

- Making the places we live, work, learn and play better for all of us
- Helping owners and occupiers to ensure every renovation project is about improving quality of life
- Creating a consensus and a community for renovation

Mapping the system

Engaging the unusual suspects

Creating a community for renovation
