Mr. Pat Barry,
Executive Director,
Irish Green Building Council,
19 Mountjoy Square East,
Dublin 1

7 July 2015.

Re: Irish Green Building Council request for EPA Funding.

Dear Mr. Barry,

In respect of the IGBC request to the Environmental Protection Agency for funding, we support their application for the funding of the development of the Home Quality Rating System.

We consider it to be an important step in providing best practice guidance to architects on environmental and resource efficient design, during the design process.

The RIAI Sustainability Task Force and the RIAI Housing Committee have provided input into the development of the system, and we believe this can have major benefits in reducing the environmental impacts of new residential construction.

Yours sincerely,

Joe Miller.
Practice Director,
RIAI,
8 Merrion Square,
Dublin 2
