About Us

We are the leading authority on green building best practices in Ireland, with a network of over 460+ member organisations spanning the entire built environment industry.

We are affiliated with the World Green Building Council, a network of over 80 national Green Building Councils worldwide with a total membership of over 27,000 of the most progressive international organisations and businesses. This international network allows us to share best practice, influence European policy and global actions.

Our Audience

Over 300 construction professionals
including investors, developers, architects,
engineers, contractors and planners
